Dear Mr. Iaquinto,

On the behalf of the North Florida Bicycle Club, I would like to say thank you for your donation of HydraSonic™ water to the 28th Annual Tour de Forts Classic. During our cycling event we served HydraSonic™ in both water coolers and coolers mixed with Gatorade. We received positive feedback from our participants who experienced less bloating along with several responses indicating HydraSonic™ was smooth, refreshing, and no cramping during the extensive cycling phase.

This year, we used less water than we have in previous years and I feel it had to do with the benefits of HydraSonic™ water! It has been a true pleasure working with you and your team. I have been able to learn and test HydraSonic myself and look forward to having HydraSonic™ water at our future events!

Sincerely,

Shelly Nobles
